

The diagram shows a rectangular sheet with three horizontal lines: a red line at the top, a blue line in the middle, and a green line at the bottom. Arrows point from the text labels to their respective lines. The red line is the outermost, followed by the blue line, and then the green line. The area between the red and blue lines is the bleed area. The area between the blue and green lines is the safety area. The area below the green line is the finished product area.
