

The diagram illustrates the layout for a book spread. It features a central gutter with two pages on either side. A horizontal blue line with arrows at both ends spans the width of the pages. Two vertical green lines are positioned on each page, and two diagonal red lines are at the top corners. Text annotations explain the function of each line: the red line is the cut line, the blue line is the safety line, and the green lines are the fold lines. Dimensions for the finished size and bleed are provided at the bottom.
